Dear Resident / Family Member,

Welcome to Christian Care House Calls! We consider it an honor and a privilege to care for your loved one. We are updating our paperwork and need an updated consent on every patient for our records (please see enclosed consent).

If we have not met you personally, we are a home based primary care provider. We coordinate lab (blood work), X-Rays, home health, physical therapy, specialist referrals, and so much more for patients. It is just like going to the physician's office, but we bring the clinic to you!

Our services are the same cost as going into the physician's office, and are covered by most primary and secondary insurance. Medicare Part B requires you to pay a yearly deductible (\$233.00 in 2022 year). Once you've met the deductible, you will be required to pay a coinsurance of 20% of the Medicare-approved amount charged by providers for your subsequent health-care visits. Many preventive services are also provided at no cost to you; these services are available without requiring you to meet your deductible.

Patients are seen upon appointment requests per resident, families and assisted-living staff. If you have any questions or concerns, please do not hesitate to contact our office.

Thank You,

CHRISTIAN CARE HOUSE CALLS
